SUMMER 09 NEWSLETTER

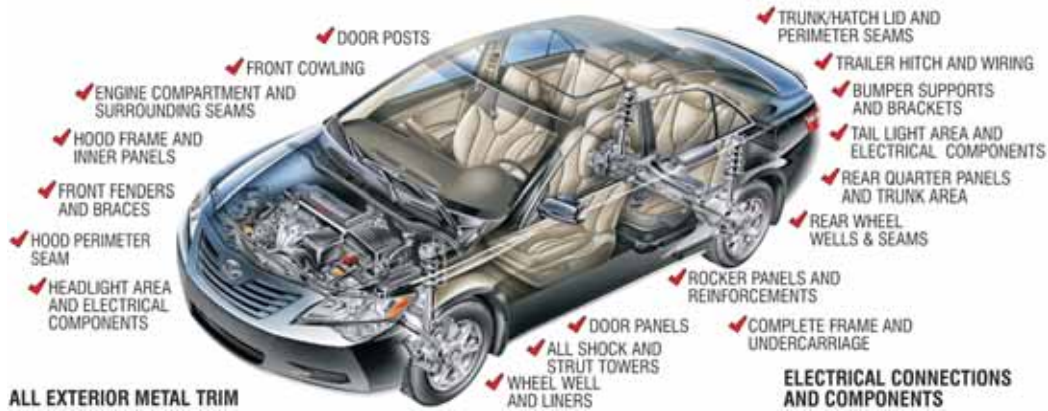

Welcome to the first issue of our quarterly newsletter, designed to introduce you to our staff and services, provide you with car care tips and entertain you with seasonal articles of interest. We hope you enjoy it!

RUST CHECK: The Ultimate Vehicle Rust Protection

Our Southern Georgian Bay climate can be hard on vehicles. Thankfully, there's Rust Check to the rescue. Unlike conventional oil, tar and wax-based rust treatments, Rust Check creeps into the hidden rust-prone areas of your vehicle, locking out moisture and oxygen that cause rust.

Rust Check rust protection is time-tested and proven for over 30 years. It's not just for new vehicles – even older cars can benefit. Here's what an annual Rust Check treatment will do for your vehicle:

- Protects electrical systems & components
- Penetrates & lubricates all moving parts
- Bonds to all surfaces for lasting protection
- Penetrates existing rust to protect metal
- Completely protects seams & support braces
- Will not clog drain holes
- Creeps into seams & crevices to lock out moisture

RUST CHECK APPLICATIONS START AT \$119⁹⁵

BUT UNTIL SEPTEMBER 30/09, YOU CAN RECEIVE \$20 OFF YOUR TREATMENT.

Call us to book your appointment today!

TIME TESTED & PROVEN SINCE 1973

Meet The OK Team: Kevin and Lee Shaw, Owners

OK Tire Thornbury is a local family-owned business operated by Lee and Kevin Shaw who, along with their three children, were all born and raised in the Blue Mountain area. Kevin is known as one of the finest auto technicians in the region. Lee compliments these skills with her background in accounting and business, keeping the company running smoothly.

In 1995, Kevin and Lee opened Georgian Bay Automotive in Thornbury. Two years later, they entered into a franchise agreement with OK Tire Stores Inc. Kevin and Lee take great pride in serving the automotive needs of quality-conscious customers in The Blue Mountains. When they're not looking after your vehicle, they like to go snowmobiling in the winter and motorcycle touring in the warm weather months.

Get Ready for Summer Travel

Cold winters, wet springs, hot summers – fluctuations in the weather can lead to deterioration of certain parts of your vehicle. Before you travel this summer, bring your vehicle in to OK Tire Thornbury to have the following systems checked and serviced:

- Cooling system
- Air conditioning
- Engine system including oil & filter change
- Engine & electrical system
- Brake & exhaust systems, tires, suspension, wheel alignment
- Transmission fluids
- Lights
- Windshield wipers

A bit of preventive maintenance now could save you time and money in the long run.

It's Strawberry Time!

There's nothing quite so scrumptious as locally-grown strawberries. Here's a quick and easy dessert recipe to delight your taste buds.

Strawberries with Balsamic Vinegar:

Wash, hull and slice 1 quart of strawberries. Toss with ¼ cup of sugar and let sit for 10 minutes. Sprinkle with 1 tbsp of high-quality balsamic vinegar and enjoy!

Keep Cool while Saving Energy

When the hot weather arrives, set your ceiling fan to spin counter-clockwise. It will make your room feel about 10% cooler.
